Forwarded herewith for your information and retention are two copies each of the Berlin Document Center files on the above named individuals.

BOB files contained no identifiable traces on either SCHAEFPER or ZUBER with the exception of one card which indicated that one Ebrulf ZUBER had been mentioned in a CADRAIN report - date unknown. The CADRAIN files have recently been sent to Frankfurt and the document - 2127 - 18 - can be found in box 21-60 or 22-60. It is doubted, however, that the results would be worth the effort.
